

L O U I S I A N A

EYE & LASER

Please bring to your appointment:

- Completed Patient Information form
- A list of all medications including: Physician prescribed medications, Supplements, Vitamins and any/or all OTC Medications.
- Any eyeglasses or contact lenses that you are wearing, even if expired.
- All insurance cards: including Medicare, Medicaid, Medical insurance and Vision insurance that we will be filing for your appointments. ○ Payment for any services rendered. ○ Louisiana Eye and Laser will file with your insurance, however at the time of service you will be required to pay any costs that your insurance places as your responsibility.
 - Your insurance will be verified approximately 24 hours before the scheduled appointment, if you have questions regarding your financial responsibility, please contact our office to speak with our Insurance and Billing Specialists.
 - Louisiana Eye and Laser proudly accepts Care Credit as payment for all services rendered.

In preparation for your upcoming appointment there is some very important information we would like to provide to you.

- Be prepared to be in the office for approximately two hours. Though your appointment may not last that amount of time, we ask that you please be prepared in the event that it does.
 - If you suffer from any medical condition that may require you to eat (example: diabetics needing to maintain blood sugar control), please do so prior to your appointment.
- Generally, and depending on your specific type of appointment, you may be dilated.
 - The two most common symptoms of dilation are, light sensitivity and blurred near (reading) vision.

EYE & LASER

- Dilation will last approximately 4 hours, however children and anyone with light colored eyes may remain dilated a longer period of time.
 - If you are uncomfortable driving while dilated, please have a driver with you or available at the end of your visit.
 - Temporary sunglasses are provided at both the check-in and check-out desks to assist you after dilation.
- While we do schedule appointments for multiple family members at a time, we require that for every two minor children a legal adult must be present to wait with them between exams.
 - Additional time in the office will be needed when seeing multiple family members.
 - Exam rooms cannot accommodate more than two patients at a time, and any guests/visitors with you may be asked to wait in the designated waiting areas during your appointment.
 - If you maybe interested in purchasing new glasses, it is a good idea to view the selections available prior to dilation. The Opticians will assist you in choosing frames and lenses that best suits your needs as well as the options that maybe covered by your specific Vision Insurance plan.

Again, it is a pleasure to have the opportunity to serve you for all of your eye care needs.

If, for any reason you will be unable to keep your appointment or need to reschedule, please contact one of our Patient Service Representatives at least 24 hours prior to the scheduled appointment at 318.487.2020 or toll free at 1.877.861.7770.
